# ABDUL RAHMAN AOUF

## MERN Stack Developer Intern

*abdulrahmanaouf16@gmail.com*
*Kasaragod, Kerala, 671123, India | 8129099069*

Experienced MERN Stack Developer skilled in building responsive and scalable web applications using JavaScript, React.js,Node.js, and MongoDB. Strong collaborator with a focus on delivering high-quality user experiences Proficient in integrating secure payment systems and developing platforms using modern web technologies

## Work Experience

**MERN Stack Developer**                                                    Feb 2024 - Present
| *kasaragod*

- Developed web applications using the MERN stack, ensuring scalability and performance.
- Collaborated with teams to design and implement features, enhancing user experience.
- Participated in code reviews to maintain high code quality and optimize backend processes.
- Assisted in gathering requirements and translating them into technical solutions.

## Projects

**RENT A CAR**                                                              Mar 2024 - Apr 2024

The Rent-a-Car Project is a full-stack web application that allows users to browse, book, and manage car rentals online. It includes features like user authentication, a search system to filter cars by availability, and booking options. Admins can manage cars, pricing, and customer reservations, while customers can view available cars, book rentals, and track their bookings. The project is built using the MERN (MongoDB, Express, React, Node.js) stack, ensuring a smooth, dynamic user experience with real-time data handling.

- Git: https://github.com/aouf83/RentCars

**AspireLink**                                                             Jun 2023 - Jul 2023

Developed a Job portal using the MERN stack with Redux for state management. Designed a responsive, visually appealing UI using Figma. Integrated Cloudinary for image uploads, and implemented secure JWT based authentication for users. Optimized backend performance with Node.js
